Sometimes choice can be overwhelming.

The Investor Collection is the most cost-effective pre-selected range. Sometimes choice can be overwhelming particularly for landlords and investors, so we have created a furniture pack which retains a high-quality look and feel that takes too many 'design options' and 'decision making' out of the equation.

Testimonials...

“

We wanted interior designers to decorate and furnish our flat by the sea. We came across Harris Fairfax and didn't know what to expect but, from start to finish, Becca and the team have been brilliant.

Every item of furniture, ornament and paint colour are perfect and suit the style of the flat and its surroundings. Whenever we had any worries they were quick to respond and assuage our fears.

I would thoroughly recommend Harris Fairfax. We sit in our beautiful flat with smiles on our faces, all thanks to them.
